

Committee on Environment and Public Works of the Senate, and the Council on Environmental Quality, describing any deadlines identified in paragraph (1), and any information provided to the Secretary by the Federal, State, or local government agency, Indian tribe, or non-Federal interest involved under paragraph (2).

**(i) Limitations**

Nothing in this section shall preempt or interfere with—

(1) any statutory requirement for seeking public comment;

(2) any power, jurisdiction, or authority that a Federal, State, or local government agency, Indian tribe, or non-Federal interest has with respect to carrying out a water resources project; or

(3) any obligation to comply with the provisions of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.] and the regulations issued by the Council on Environmental Quality to carry out such Act.

(Pub. L. 110–114, title II, §2045, Nov. 8, 2007, 121 Stat. 1103.)

REFERENCES IN TEXT

The National Environmental Policy Act of 1969, referred to in subsecs. (b) and (i)(3), is Pub. L. 91–190, Jan. 1, 1970, 83 Stat. 852, which is classified generally to chapter 55 (§4321 et seq.) of Title 42, The Public Health and Welfare. For complete classification of this Act to the Code, see Short Title note set out under section 4321 of Title 42 and Tables.

CODIFICATION

Section was enacted as part of the Water Resources Development Act of 2007, and not as part of the Water Resources Development Act of 1986 which comprises this chapter.

“SECRETARY” DEFINED

Secretary means the Secretary of the Army, see section 2 of Pub. L. 110–114, set out as a note under section 2201 of this title.

**CHAPTER 37—ORGANOTIN ANTIFOULING PAINT CONTROL**

Sec.	
2401.	Findings; purpose.
2402.	Definitions.
2403.	Prohibition on application of organotin antifouling paints on certain vessels.
2404.	Prohibition of certain organotin antifouling paints and organotin additives used to make such paints.
2405.	Certification.
2406.	Monitoring and research of ecological effects.
2407.	Alternative antifouling research.
2408.	Water quality criteria document.
2409.	Penalties.
2410.	Other authorities; State laws.

**§ 2401. Findings; purpose**

**(a) Findings**

The Congress finds the following:

(1) Antifouling paints containing organotin biocides are used to prevent the build-up of barnacles and other encrusting organisms on vessels.

(2) Laboratory and field studies show that organotin is very toxic to marine and freshwater organisms at very low levels.

(3) Vessels that are less than 25 meters in length and are coated with organotin antifouling paint account for a large amount of the organotin released into the aquatic environment.

(4) The Environmental Protection Agency has determined that concentrations of organotin currently in the waters of the United States may pose unreasonable risks to oysters, clams, fish, and other aquatic life.

**(b) Purpose**

The purpose of this chapter is to protect the aquatic environment by reducing immediately the quantities of organotin entering the waters of the United States.

(Pub. L. 100–333, §2, June 16, 1988, 102 Stat. 605.)

EFFECTIVE DATE; USE OF EXISTING STOCKS

Section 12 of Pub. L. 100–333 provided that:

“(a) IN GENERAL.—Except as provided in subsection (b), this Act [enacting this chapter] shall take effect on the date of its enactment [June 16, 1988].

“(b) TERMINATION OF INTERIM PROHIBITION.—Section 5(a) [section 2404(a) of this title] shall remain in effect until a final decision regarding the release of organotin into the aquatic environment by antifouling paints, pursuant to the process initiated by the Administrator’s Position Document 1 dated January 8, 1986—

“(1) is issued by the Administrator; and

“(2) takes effect.

“(c) FINAL DECISION DEFINED.—For purposes of subsection (b), a final decision shall be considered to have taken effect upon the date of the expiration of the time for making any appeal with respect to such decision or, in the case of any such appeal, the resolution of such appeal.

“(d) USE OF EXISTING STOCKS.—Notwithstanding the prohibitions contained in sections 4 and 5 [sections 2403 and 2404 of this title], the Administrator, not later than 90 days after the date of the enactment of this Act [June 16, 1988], shall provide reasonable times—

“(1) not to exceed 180 days after the date of the enactment of this Act, for the continued sale, delivery, purchase, and receipt of any antifouling paints containing organotin and organotin additives that exist before the date of the enactment of this Act; and

“(2) not to exceed one year after the date of the enactment of this Act, for the application of any antifouling paints containing organotin and organotin additives that exist before the date of the enactment of this Act.”

SHORT TITLE

Section 1 of Pub. L. 100–333 provided that: “This Act [enacting this chapter] may be cited as the ‘Organotin Antifouling Paint Control Act of 1988’.”

**§ 2402. Definitions**

For purposes of this chapter:

(1) The term “Administrator” means the Administrator of the Environmental Protection Agency.

(2) The term “antifouling paint” means a coating, paint, or treatment that is applied to a vessel to control fresh water or marine fouling organisms.

(3) The term “estuary” means a body of water having an unimpaired connection with open sea, where the sea water is measurably diluted with fresh water derived from land drainage, and such term includes the Chesapeake Bay and estuary-type areas of the Great Lakes.

(4) The term “organotin” means any compound of tin used as a biocide in an antifouling paint.
